

VISA INFORMATION

International registrants should be particularly aware and careful about visa requirements, and should plan travel well in advance. The IEMECON-2017 does not issue formal invitation letters or actual visas to attend the conference, however, can issue Visa Support Letters for the application.

Please send your request to secretary@iemecon.org. You must include:

- Your name as appears on your passport
- Your current postal mailing address
- The name of the conference you are attending (i.e., IEMECON 2017)
- Your Registration Confirmation Number
- If you are an author of an accepted paper or poster, please provide the title.

Please note Visa Support Letters are issued via email by PDF within approximately a week after the acceptance is sent or after the payment of registration fees for only participants or in case of emergency if you don't get the visa.
